

Camp Evangeline Storage Policy - 2012 / 2013 Season

Individuals may apply to store private recreational vehicles, (as well as cars & boats) henceforth termed RV, in the Camp facilities over winter. The Camp Administration reserves the right to refuse any application on grounds it deems best for the interests and safety of the Camp. Applicants will be considered on a "first come, first served" basis, please do not assume your acceptance. Storage of RVs must conform to the following terms, with payment of the current fee in advance:

1. The RV must be placed in these facilities and removed by the owner. He/she bears full and complete responsibility and liability for any damage caused, committed or resulting from the task of storing or removing the RV to his/her own RV, to any other RV in storage and/or to the Camp facilities. Each RV owner agrees to exercise due caution in storage and removal of their RV.

2. Owners of motorized vehicles must place an impermeable tarp under their vehicle to prevent damage to the concrete floor by oil or other fluids. All portable propane tanks must be removed prior to storage.

3. The Camp and/or its officers and committee do not assume or accept any responsibility or liability whatsoever for any damage to, theft from, or theft of any RV stored on site. The Camp does not insure nor is it responsible for insurance on any RV; this remains the responsibility of the owner. Each owner agrees to assume full responsibility and liability for his/her RV. Each owner also accepts responsibility for settling the payment of damages to the Camp or other owners of RVs, that may occur from any damage caused by him/her or resulting from his/her RV being in these facilities. Each owner agrees that it is their responsibility, and not the Camp's, to secure any payment of damages to their RV caused by another RV owner, or resulting from their RV being in these facilities.

4. RVs may be placed in these facilities commencing September 6, 2012 after notifying Camp administration. Camp maintenance personnel shall be on site to oversee placement of RVs until September 23rd. (The unit may be repositioned by hand to maximize storage space.) All stored units must be on site by this date except with previous arrangement with Camp management. Any unit stored after this date shall be subject to a \$25.00 surcharge. Space is limited; therefore those not stored prior to September 23rd cannot be guaranteed ample storage room.

5. All RVs must be removed from the Camp facilities **between** April 30th and May 4th, 2013. If the RV is not removed by this date, the Camp is hereby granted the right to remove the RV at the owner's risk and with full responsibilities for damages still resting on the owner as stated above. Further, the owner shall be charged a fee and any costs incurred in the removal of his/her RV, as determined by the Camp Administration. No unit may be removed before April 30th, 2013 unless prior arrangement has been made at the time of storage. This shall be possible only if no other units need to be moved. There will be a \$25.00 surcharge for this service.

6. There shall be a storage fee of \$175.00 charged for units up to 20 feet (from bumper to hitch) and a rate of \$10.00 per foot will be charged for additional length, payable in advance. The height of the Tabernacle door is 11'9" and the Laurie Price Center is 9'10".

I have read the above Policy for the Storage of Private Recreational Vehicles at Camp Evangeline. I hereby agree to all the terms as stated above.
